

6th International Symposium on Edible & Medical Plant Resources and the Bioactive Ingredients (First Circular)

The International Symposium on Edible & Medical Plant Resources and the Bioactive Ingredients, which is supported and launched by Xinjiang Technical Institute of Physics and Chemistry, Chinese Academy of Sciences, is held every two years. It is faced to scientists who study on edible & medical plant resources around the world. The 6th International Symposium on Edible & Medical Plant Resources and the Bioactive Ingredients (ISEPR2018) will be held on October 14th to 16th 2018, in Nanjing, China. The goal of ISEPR 2018 is to provide an opportunity to exchange achievements about resources, cultivations, chemical constituents, bioactivities and medical applications of edible & medical plants. To discuss the hot points and the core problems in the relevant fields, and to foresee the prospect in basic researches and technologies. The latest developments of this field, domestic and abroad, are expected to promote scientific exchanges, cooperation and communications among the scientists around the world.

ISEPR 2018 is hosted by Nanjing University of Chinese Medicine, Shenzhen Research Institute of The Hong Kong University of Science and Technology, and Central Asian Drug Discovery and Development Center of Chinese Academy of Sciences, Xinjiang Technical Institute of Physics and Chemistry, CAS. Many scholars around the world will be invited to give the special presentation on the topic of edible and medicinal plants. Pharmaceutical companies will also be welcomed to give presentation about the topic.

Theme for the symposium

- ◆ The Health Industry Development on The Belt and Road (“一带一路” 大健康产业发展)

可食和药用植物资源及功能成分国际学术研讨会

International Symposium on Edible & Medical Plant Resources and the Bioactive Ingredients

Topic for the symposium

- ◆ Resource chemical research and value discovery on edible plants
- ◆ Identification and decoration of active ingredients in edible plants
- ◆ New methodologies of identification and molecular biology researches on the active ingredients from edible plants
- ◆ Functional material bases and active mechanism of edible plants
- ◆ Production, process, standardization and functional product development from edible plants
- ◆ Resource recycling utilization and greening of industry development of edible plants

Basic Information of the symposium

- ◆ **Date:** 14th to 17th October, 2016
- ◆ **Site:** Nanjing Dongjiao National Guesthouse, Nanjing, People's Republic of China (<http://www.jsnjdongjiao.com/index.html>)
- ◆ **Languages:** English, Chinese
- ◆ **Chairman:** AISA Haji Akber (Xinjiang Technical Institute of Physics and Chemistry, CAS), TSIM Karl Wah-Keung (Shenzhen Research Institute of The Hong Kong University of Science and Technology), Duan Jin-Ao (Nanjing University of Chinese Medicine)
- ◆ **Academic Committee:**
Chairman: YAO Xin-Sheng, SUN Han-Dong, HUANG Lu-Qi, CAO Fu-Liang, WANG Guang-Ji
Member: AISA Haji Akber, AO Wuliji, ABDULLOEVA Abdumanon (Tajikistan), BI Kai-Shun, CHE Chun-Tao (U.S.A.), CHEN Shi-Lin, CHEN Ji-Jun, CHEN Dao-Feng, CHEN Sui-Qing, DUAN Jin-Ao, DAI Hao-Fu, FENG Wei-Shen, FENG Xu, HU Li-Hong, JIA Xiao-Guang, KANG Ting-Guo, LI Ping, LI Shao-Ping (Macau), PENG

- ◆ **Host unit:** Xinjiang Technical Institute of Physics and Chemistry, CAS, Nanjing University of Chinese Medicine, Shenzhen Research Institute of The Hong Kong University of Science and Technology, Chinese Pharmaceutical University, Huaiyin Institute of Technology, Jiangsu Food and Pharmaceutical Science College, Central Asian Drug Discovery and Development Center of Chinese Academy of Sciences

The first round announcement is issued in July, 2018. The second round announcement will be issued in September 2018. The deadline of submitting the paper and registration is on September 30th, 2018.

Form of the Symposium

- ◆ Plenary lectures
- ◆ Oral presentations and discussion
- ◆ Poster sessions

Schedule

Date	Content
October 14 th	Registration & Accommodating

可食和药用植物资源及功能成分国际学术研讨会

International Symposium on Edible & Medical Plant Resources and the Bioactive Ingredients

October 15 th	Opening Ceremony & Invited Lectures, Plenary Lectures
October 16 th	Plenary Lectures, Oral Presentations & Poster Presentations and Closing Ceremony
October 17 th	Academic Communication, Leave the meeting

Registration

Each participant is asked to complete one copy of the Registration Form and send it to the Symposium Organizing Committee before September 30th, 2016.

Type	Fee
Foreigner	200 US dollars
Foreign students	100 US dollars

Registration fee includes Conference Proceedings and banquet. Expenses relating to transportation and accommodation should be covered by participants. Please register and make your travel arrangement at your early convenience.

Accommodation

Type	Fee
Single Room	600 RMB/Room/Day
Standard Room	600 RMB/Room/Day

Contact

Both Registration Form and the paper (full text or abstract written according to the requirements of the symposium) should be submitted to the secretariat of the symposium's academic committee before September 30th, 2018.

For information about registration and paper (full text or abstract) submission, please contact the organizing committee:

- ◆ Contacts: Mr. ZHU Yue (NJUCM), Mr. DUAN Ran (HKUST), Ms. JIANG Lan (XJTIPC)

International Symposium on Edible & Medical Plant Resources and the Bioactive Ingredients

AnnexII.

Abstract Submission and Deadline

The contents of the presentation should be original researches in these fields listed below and have never been published in any scientific journals or reported in any academic meetings. Presentations of the symposium will be plenary lectures, invited lectures and posters, all of which need to submit abstract to the secretariat by Email.

The presentation and paper should be in the following fields

- Resources of edible plants: cultivation, processing, application and sustainable development of edible plants in drought and semiarid desert.
- Phytochemistry: Extraction, isolation and structure elucidation of the active ingredients and their total synthesis and structural modification. New viewpoints, novel methodology and techniques of phytochemistry. Chemosystematics and chemical ecology.
- Pharmacological action: The mechanism of the disease-prevention actions of ingredients from edible plants.

Format of the abstract:

- A4(21×29.7cm);
- Margins should be: 2.5 cm top and bottom, 3cm left and right;
- Line space: Single times;
- Title: font size 18, extrabold;
- Author and working place: 10 font size, Times New Roman typeface;
- Text: 12 font size, Times New Roman typeface;
- References: number 12 Times New Roman typeface;
- The abstract should be prepared as a Microsoft Word document.

Deadline of abstract submission: September 30th, 2018

Electronic format of the abstract should be submitted to the secretariat of the symposium by email (tryw2010@126.com).
